

# 2026 Welcome and Benefits Enrollment Guide

## Eligible Part-Time Teammate

Welcome to Coca-Cola Consolidated! We're excited to have you as a teammate. We want you to know we care deeply about your well-being and, as part of your benefits, we offer a wide range of programs and resources to support your physical, emotional and financial wellness. Explore all that's available throughout this guide.

## Purpose

**At Coca-Cola Consolidated, we believe that Our Purpose is what guides us. We strive to foster a Purpose-driven organization, led by servant leaders at every level. We seek to not only encourage one another to grow professionally but also to be better husbands, wives, parents, children and friends.**

As a teammate, you have access to a number of resources to enhance your ability to live “on purpose.” We hope that you will take the opportunity to explore the resources provided in this guide, along with other resources we will share in the months to come. We look forward to serving alongside you.

## Chaplaincy

Corporate Chaplains are available 24/7/365 to support teammates with:

- Addiction
- Child abuse
- Courtroom or prison support, and more
- Divorce
- Finances
- Grief
- Hospital visitations
- Relationships
- Stress management

The Chaplains program is voluntary, confidential\* and entirely funded by the Company. You can connect in person, by email and/or with the Chaplain pager number (click the Chaplain Support link under the Culture & Care shortcut on One Team).

\*Local, state and federal laws require full disclosure in cases of child abuse or where personal safety is at risk.

## Culture & Care

With programs including Charitable Giving, the Response Team, Transformation Initiatives and t-factor, Culture & Care encourages teammates to grow in servant leadership and live out Our Purpose. These programs are designed to offer support in times of need and provide opportunities for teammates to serve each other and the community.

Find out more by using the Culture & Care shortcut at the top of One Team.

**With your new job comes new benefits, and CCCI is here to support you in exploring all that's available and getting enrolled. Start by setting up your account on My Total Rewards. Then complete your benefits enrollment in one of three convenient ways.**

## Accessing My Total Rewards

Choose from two options:

- 1** Log in through One Team by clicking "My Total Rewards" on the home page.
- 2** Visit [mytotalrewards.cokeconsolidated.com](https://mytotalrewards.cokeconsolidated.com).
  - Click on "New User?".
  - Enter your 10-digit CONA Employee ID (including leading zeros), date of birth and home ZIP code to create your account login.
  - Complete the steps to create security questions and set your password.

**Once you've logged in to My Total Rewards, you'll be able to return anytime to learn about benefits enrollment, update beneficiaries, link to benefit vendor sites and much more.**

### Access My Total Rewards at home or on the go

Scan this QR code from your mobile device for access anytime, anywhere.

## Choose the enrollment option that works for you:

### My Total Rewards portal

Visit [mytotalrewards.cokeconsolidated.com](https://mytotalrewards.cokeconsolidated.com).

### My Total Rewards app

Text the word “Benefits” to **67426** for a link to download the My Total Rewards app, so you have access when you’re on the go.

### Enroll by phone

Call **1-888-317-6947**, option 2, to speak with a Benefits Representative.

*Para obtener ayuda en español, comuníquese con un Representante de Beneficios al **1-888-317-6947**, opción 8.*

## Watch the mail for ID cards for your new benefits

Once your enrollment is complete, new medical and dental ID cards will be mailed to you from either UnitedHealthcare for medical and/or pharmacy services and Delta Dental (for dental), unless you’ve chosen paperless communication preferences.

## Your digital health plan ID card: See it, save it, share it

Get anytime access to your health plan ID card with the [UnitedHealthcare® app](#).

For another secure way to store and view your health plan details, add your ID card to your smartphone’s digital wallet.

You may also request to have a physical ID card mailed to you in the [UnitedHealthcare app](#).

## Benefits eligibility

### Qualifying for benefits

Regular part-time employees become eligible to participate based upon the length of employment and the average number of hours worked. In keeping with the Employer Shared Responsibility provisions of the Affordable Care Act (ACA), CCCI benefit plans use the following measures to establish eligibility:

**Initial measurement period:** CCCI uses the look-back measurement method to determine if you are eligible for part-time benefits after 12 months of service. This initial measurement period of 12 months is started as of your date of hire. If during that 12-month period you work an average of 30 hours per week, then you are considered eligible for part-time benefits coverage.

**Ongoing measurement period:** After you have completed the initial measurement period, your eligibility for part-time benefits will be reviewed annually in October. If during the ongoing measurement period you have worked an average of 30 hours each week, you will be offered benefits beginning with the next benefit plan year (beginning in January). If your worked hours average less than 30 hours, you will lose benefits as of the next benefit plan year and COBRA will be offered to you.

### Benefit offering

Once you are notified that you are eligible for part-time benefits, you have the option to enroll in the HSA plan and basic dental coverage for yourself (no dependent coverage).

### Status change from full-time to part-time

If you change from a full-time job to a part-time job, you will be offered the option to continue benefit coverages in the HSA plan and the basic dental plan. Any dependents you covered will be offered COBRA continuation coverage.

## Prescription drug benefits

When enrolling in a CCCI medical plan, you automatically have prescription drug coverage provided by CVS Caremark. Your coverage is accepted at pharmacies in the CVS Caremark network, which includes retail chain and independent pharmacy locations.

### Prescription coverage for the HSA plan

Your pharmacy drug deductible is combined with the medical plan deductible. This means you pay the full cost for prescription medications until you meet your medical plan's annual deductible. After you meet the deductible, the cost for prescriptions is shared between you and the plan. This is the amount you pay for coinsurance.

### Where to fill your prescriptions

Choose where to fill your prescriptions based on your needs for short- or long-term medications. Use the Check Drug Cost tool at [caremark.com](https://www.caremark.com) or on the CVS Caremark app to find the best price on your medication.

<sup>1</sup> Chronic conditions prescriptions include generic and some brand-name maintenance medications for covered conditions. View the full program flyer online at [mytotalrewards.cokeconsolidated.com](https://mytotalrewards.cokeconsolidated.com).

<sup>2</sup> Learn more about how True Accumulator may apply to your drug costs when using a copay card or manufacturer coupon at [mytotalrewards.cokeconsolidated.com](https://mytotalrewards.cokeconsolidated.com).

## Prescription coverage highlights

### Lower copay for preventive prescriptions

The Chronic Conditions Management Program coverage, which is automatically included with your medical coverage, provides coverage for over 20 chronic conditions at a reduced cost. A 30-day prescription fill under this program is \$4, and a 90-day prescription fill is \$8 (no deductible applies).

### PrudentRx copay program

The PrudentRx pharmacy program is designed to optimize savings for both you and the plan by providing coverage for select specialty medications at no cost. That means \$0 out-of-pocket cost for any medication on the PrudentRx specialty drug list once you have met your pharmacy deductible. The drug cost paid for by the copay program does not apply to your member deductible or out-of-pocket limit.

Call:  
**1-800-578-4403**

### True Accumulator reminder for the HSA plan

If you are enrolled in the HSA plan, you can still use manufacturer coupons and copay cards for reduced out-of-pocket costs. However, you will only receive credit toward your plan deductible and out-of-pocket limit for what you actually paid out of pocket. In other words, the drug cost paid for by the copay card or manufacturer coupon does not apply to your member deductible or out-of-pocket limit.

Call:  
**1-877-726-5379**

### Caremark Cost Saver program

The Caremark Cost Saver program automatically provides you access to GoodRx prescription pricing to receive lower prices (when available) on non-specialty generic medications. The reduced amount you pay will automatically be applied to your pharmacy deductible and out-of-pocket maximum when you show your medical ID card at the pharmacy.

**We know preparing for the future — and achieving your goals today — requires thoughtful planning and support. From 401(k) and Health Savings Accounts to life insurance, we offer tools to help you get there.**

## 401(k)

The 401(k) Retirement Savings Plan is a great way to save for the future with matching contributions from Coca-Cola Consolidated. Here’s how to get started.

- **Enrollment is automatic.** As a part-time teammate, you will be eligible to participate in the 401(k) plan after you attain one year of service from your hire date or rehire date. At that time, you will be automatically enrolled at a 3% pre-tax per-paycheck contribution after you receive your first paycheck. To change your contribution amount, visit [401k.com](https://www.401k.com) or call Fidelity at **1-800-835-5095** for assistance.
- **Decide how much you’ll contribute.** You can contribute between 1% and 50% of your eligible pay and increase or decrease your contribution amount at any time. The contributions you choose can be pre-tax and/or Roth (after-tax) dollars. Keep in mind that both types of contributions are subject to IRS limits.
- **Choose your 401(k) investment options.** Help your retirement savings grow by ensuring your investments are the right mix. If you are unsure, reach out to a Fidelity Workplace Planning Consultant at **1-800-603-4015** and discuss your questions 1-on-1 to stay on track.
- **Get the match!** Contribute at least 5% per paycheck toward your pre-tax 401(k) and/or Roth 401(k) to ensure you get the full company contribution match (4% dollar for dollar each paycheck and a 1% discretionary match at year-end).

Visit: [401k.com](https://www.401k.com) or download the **NetBenefits app** by scanning this code or visiting [fidelity.com/go/netbenefitsapp](https://www.fidelity.com/go/netbenefitsapp).

Call:  
**1-800-835-5095**

Did you know that if you are or will be age 50 or older in the current plan year, you can elect a pre-tax and/or Roth (after-tax) catch-up contribution each year up to the IRS maximum limit?

## Health Savings Account (HSA)

An HSA can help you save for eligible medical expenses.

- **Funds never expire.** The money in your account carries over each year and is yours to keep even if you change medical plans in a future year, leave CCCI or retire.
- **It's tax free.** When you deposit money into your HSA through payroll contributions, it reduces your taxable income. When you withdraw funds to pay for eligible expenses, you are using the funds tax free too.
- **You can invest.** Once your available balance reaches \$1,000, you can invest all or a designated amount of available funds in your [Optum Financial account](#).

### How do I manage my HSA?

- **Set a contribution amount** — If you choose the HSA plan, it is important to decide how much to save in your HSA for the year. The annual contribution amount you elect is divided up equally based on the number of paychecks you receive in the year. If you do not elect a contribution amount each year, your contribution amount will automatically be set to \$0. You can update your contribution amount at any time using the “Change Your HSA Contributions” quick link on My Total Rewards.
- **Manage your account** — Access your account online through the Optum link on [myuhc.com](http://myuhc.com) to see your current balance, claims, investment options and more.

### 2026 IRS HSA contribution limits

The IRS limits how much you can contribute to your HSA per year. This annual limit includes contributions that CCCI makes to your HSA.

Coverage	Coca-Cola Consolidated Annual Contribution*	Your Maximum Annual Contribution	Total IRS Contribution Limit
Employee-Only	\$250	\$4,150	\$4,400

\*CCCI contribution example based on Q1 2026 enrollment.

If you are age 55 or older within the calendar year, you can make an additional catch-up contribution of up to \$1,000 per year.

### Getting started

Once your account is active and open, Optum Financial will mail you an HSA payment card that you can use at your doctor's office and pharmacy. You can manage your account online or through the app.

Visit: [optumfinancial.com](http://optumfinancial.com)

### **Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)**

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [healthcare.gov](https://www.healthcare.gov).

If you or your dependents are already enrolled in Medicaid or CHIP, contact your state Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your state Medicaid or CHIP office or dial **1-877-KIDS-NOW (1-877-543-7669)** or [insurekidsnow.gov](https://insurekidsnow.gov) to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at [askebsa.dol.gov](https://www.askebsa.dol.gov) or call **1-866-444-EBSA (1-866-444-3272)**.

### **Newborns' Disclosure Act**

Group health plans and health insurance issuers offering insurance coverage generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

### **Women's Health and Cancer Rights Act of 1998 (WHCRA)**

Group health plans that cover mastectomies must cover post-mastectomy reconstructive breast surgery. Specifically, health plans must cover:

- Reconstruction of the breast on which the mastectomy has been performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prostheses and physical complications of all stages of mastectomy, including lymphedema

Benefits required by law will be provided in consultation between the patient and the attending physician. These benefits are subject to the health plan's regular plan provisions and benefits.

## **The Patient Protection and Affordable Care Act**

The Patient Protection and Affordable Care Act (PPACA) requires most U.S. citizens and legal residents to have health insurance. An individual's failure to obtain health insurance coverage through established health insurance exchanges or when offered by their employer may be subject to penalties. For more information, go to [healthcare.gov/get-answers](http://healthcare.gov/get-answers).

## **Continuation of Coverage in Group Health Plans**

For all employees and their spouses, and individuals eligible for Continuation Coverage in Group Health Plans. This addresses the continuation of CCCI group health coverage in situations when it would otherwise end.

In some situations, group health coverage can be continued even though it would otherwise end. Continuation coverage for employees, their spouses and dependent children is provided through the federal law referred to as COBRA. This notice summarizes your rights and responsibilities under the continuation coverage provisions of COBRA.

As an employee, you may choose continuation coverage if group health coverage ends because of a reduction in hours or because of a voluntary or involuntary employment termination for reasons other than gross misconduct. This extended coverage generally may be kept for up to 18 months. If you, your spouse or dependent child is determined by the Social Security Administration (SSA) to be disabled at any time during the first 60 days of COBRA coverage, an additional 11 months of coverage may be available for all eligible family members if you notify Alight (CCCI's COBRA administrator) within 60 days of the date you are determined to be disabled. You must pay the required cost of continued coverage. If the individual is determined by SSA to no longer be disabled, you must notify Alight within 30 days after SSA's determination.

Spouses of employees and/or their dependent children may choose continuation coverage and keep it for up to three years if their group health coverage ends because of:

- Death of the covered employee, whether active or on an approved leave of absence
- Divorce or legal separation from the employee
- Employee's becoming entitled to Medicare under Part A, Part B or both

If you have a newborn child or adopt a child during the time you are covered by COBRA continuation coverage, that child can be enrolled under the continuation coverage. Like your other dependents, that child can keep continuation coverage for up to three years from the date your COBRA coverage began if the coverage would otherwise end because of one of the events described above.

Dependent children covered by the company's plan may also choose continuation coverage and keep it for up to three years if their group coverage ends because they no longer qualify as an eligible dependent under the plan.

Under COBRA, the employee, spouse or dependent child is responsible for notifying CCCI of a divorce or a child losing dependent status under the plan. Notice must be given within 60 days of the event. If notice is not provided within the 60-day period, the eligible individual will not be entitled to choose continuation coverage. CCCI may require that you provide additional information. When CCCI is notified that one of these events has occurred, an enrollment form for continuation coverage will be sent to each eligible individual along with notification of the cost. Each eligible individual has an independent right to elect COBRA coverage. Employees may elect COBRA coverage on behalf of their spouses, and parents may elect COBRA coverage on behalf of their children.

If your family has another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation, for a maximum of 36 months, if notice of the second qualifying event is properly given to Alight (CCCI COBRA administrator). This extension may be available to the spouse and any dependent children receiving COBRA continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B or both), gets divorced or legally separated, or if the dependent child stops being eligible under the group coverage as a dependent child, but only if the event would have caused the spouse or dependent child to lose group coverage under the plan if the first qualifying event had not occurred.

The eligible individual must complete the enrollment form and return it to the address on the form within 60 days after the date coverage is lost because of one of the events described here, or the date the form is received from CCCI — whichever is later.

If an eligible individual does not complete the enrollment form and return it to the COBRA administrator within the 60-day period, coverage will end as of the date of the event that caused the loss of coverage.

If an eligible individual chooses continuation coverage, the company must provide coverage identical to that provided to comparably situated employees or family members. COBRA continuation coverage will end when the first of the following events occurs:

- Payment for continuation coverage is not made by the deadline.
- The individual later becomes covered by another group health plan.
- The individual later becomes entitled to Medicare. If the employee became entitled to Medicare less than 18 months before the reduction in hours or employment termination, coverage for other covered family members may be continued for up to 36 months from the date the employee became entitled to Medicare.

- The 18-, 29- or 36-month COBRA period ends.
- The company stops providing group health coverage for employees.

Continuation coverage may also be terminated for any reason the plan would terminate coverage of a participant or covered dependent not receiving continuation coverage (such as fraud).

Your cost for continuation coverage will be 102% of the total cost of coverage. If you choose continuation coverage during the 60-day period following the day your group health coverage ends, you must pay the cost for that 60-day period within 45 days of your selection of continuation coverage. If you, your spouse or a dependent child is eligible for an additional 11 months of coverage because of Social Security disability, the cost for continuation coverage during that 11 months will remain at 102% of the total cost of coverage.

In considering whether to elect continuation coverage, you should take into account that you have special enrollment rights under federal law. You have the right to request special enrollment in another group health plan for which you are otherwise eligible (such as a plan sponsored by your spouse's employer) within 30 days after your group health coverage ends because of a qualifying event. You will also have the same special enrollment right at the end of continuation coverage if you get continuation coverage for the maximum time available to you.

Proof of insurability is not required for continuation coverage.

If you have any questions about COBRA and your group health coverage, contact the Benefits Service Center.

## **Summary of HIPAA Rules Affecting Benefits**

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) affects how coverage is provided by the CCCI medical plan options. This document summarizes these changes:

### **Portability of Coverage**

The portability rules are designed to improve the availability of medical coverage by creating special enrollment opportunities, in addition to existing family status change rules, for employees and dependents who decline medical coverage during enrollment and then lose other coverage.

## **Special Enrollment Periods**

If you decline medical coverage through a CCCI medical plan option for yourself, your spouse or your dependents because you have other medical coverage and you later lose that coverage because your:

- Eligibility for the other coverage ends
- Employer contributions for the other coverage end
- COBRA coverage available through the other coverage is completely used

... then you can enroll in the company's medical plan as long as you go to the My Total Rewards portal, click on the Life Event tile and complete the submission process within 31 days of the date your other coverage ends. If you choose to continue the coverage you lost through COBRA, you have 31 days after your COBRA coverage ends to enroll in a CCCI medical plan option.

If you acquire a new dependent because of marriage, birth, adoption or placement for adoption, you can enroll yourself, your new dependent and any other dependents in one of CCCI's medical plan options on the My Total Rewards portal. Click on the Life Event tile and complete the submission process within 31 days of the marriage, birth or adoption.

For more information on status changes that may allow you to change your CCCI coverage choices during the year, contact the Benefits Service Center.
